

# TALMUD TORAH 6:5

*by Rabbi Yitzchak Etshalom*

**5.** If three were walking together, the teacher walks in the middle, the greater [student] on his right and the lesser [student] on his left.

**Q1:** Why this order?

**TP** (Tzvi Pittinsky): This is a commemoration to how Moshe taught Torah in the desert; (see BT Eruvin 54b) Aharon on his right side, and Aharon's sons on his left.
